

NANOTECHNOLOGY

XI Conference on Nanotechnology

- Chemical and physical foundations of nanotechnology
- Nanobiotechnology, nanomedicine and nanosafety
- Nanoelectronics and nanophotonics
- Production and characterization of nanomaterials
- Nano-scale systems
- 1D and 2D systems (special session)
- Development of methods and scientific equipment for nanoscale research
- Practical applications of nanotechnology

nano2024.umcs.eu
